SUBJECT: ***Invitation to Military Training in Small-Units Tactics***

Dear esteemed partners,

We are thrilled to announce that our Academy is hosting a rigorous and dynamic training program focused on Small Units Tactics in the mountainous area of YMITTOS, near the Athens region. Following the successful implementation of similar military training programs in previous years, we are delighted to extend an official invitation to your esteemed Academy to participate in this year's program scheduled ***from February 1st to February 12th****.*

This intensive course focuses on Small-Unit Tactics at squad level, strengthening leadership, troop leading procedures, command and control, and tactical decision-making through a balanced combination of theory and tactical field exercises. ***Additionally, a competition named "Hercules Trials" will be held at the conclusion of the Small-Unit Tactics training.*** *At the same time, it offers an excellent opportunity to deepen the relationship between our academies and enhance the interoperability of our countries' land forces.*

We would be honored to invite your cadets, as well as ***one instructor-evaluator officer from your institution****, to take part in the training program. The presence of an instructor-evaluator would significantly contribute to enhancing the diversity of perspectives, the exchange of professional practices, and the overall quality and training value of this activity.*

We firmly believe that we are all members of a broader professional family, united by shared principles and mutual respect. This joint training activity will reinforce our common values, shared professional practices, and collective goals, while strengthening mutual trust, intercultural understanding, and operational cohesion.

Accommodation, meals, and transportation within Greece will be provided. Please confirm your participation by ***Dec 20th****, 2026, to ensure adequate planning.*

We look forward to your response and the opportunity to deepen the relationship between our academies while providing your cadets with unforgettable experience.

Warm regards,

Vasileios Lampropoulos
Major General
