Mandatory eLearning

The training activity is supported by the European Security and Defence College (ESDC). In order to achieve the ambitious learning objectives, you are invited to register on the ESDC eLearning platform and complete the eLearning course **not later than 6th September 2019**.
Here is a brief introduction on how to obtain access to the eLearning tool, which is run on the eLearning Management System 'ILIAS':

1. Please go to the ILIAS log in
page: https://esdc.adlunap.ro/login.php?target=&client_id=esdc&cmd=force_login&lang=en
2. If you are visiting the site for the first time, click on New Account Registration;

3. Otherwise, please enter your existing username and password
4. If you have entered the platform in the past and you no longer remember your password and/or username, select the respective choice:

5. In the new window that opens, complete (or update) your personal data
6. Go to REPOSITORY

And then select   🏛 Repository

7. Search for your course, which is called: **2019/20 - Mil ERASMUS - 5th CSDP OLYMPIAD hosted by Croatia, 01-05 June 2020**

8. Click on ACTION, then click on JOIN

10. The 'learning units' (incl. a confirmation test) can be found in the folder 'eLearning course'. (Participants who have already completed one or more learning units while attending another ESDC course will most probably not have to redo them. The learning progress is recorded and shown with a green button. However, it is obligatory for everyone to register on the eLearning platform because the latest information about the course will be published via the eLearning course).

11. Enjoy your e-Learning experience

Note: If possible, please use a browser other than INTERNET EXPLORER. We can recommend FIREFOX or GOOGLE CHROME.

We would like to advise you to study carefully the material first and then try to answer the questions. **The system is recording your reading time.** J
