Letter of Appreciation

Dear Brigadier General Todor Dochev, Sir!

When the Implementation Group started its work in 2009, very soon the idea was born to launch a homepage for the purpose of making useful information available for the public. Bulgaria – in particular Capt Kinova – acted as the spearhead for this so-called Line of Development 4.

Some years later, the needs changed. Not only the availability of all basic documents but also search tools for exchange activities – among other useful documents such as publications – would facilitate fulfilling the Initiative's mandate tremendously. Again Bulgaria – in particular your University – pushed this LoD 4 forward. The result we all can see at present time is outstanding!

On behalf of the Implementation Group it is a great honour for me to express my deepest gratitude to Capt Evelina Kinova and her supporting team. Congratulation to such an Officers' role-model at the "Vasil Levski" National Military University!

I would also like to say a big thank you to Mr. Sylvain Paile-Calvo; to the layout responsible institution, the Hellenic Naval Academy and to the Bulgarian Ministry of Defence as well as to Col Vesselin Madansky for supporting this project. The new "EMILYO-homepage" is a great leap forward!

Yours sincerely,

Col Dr. Gell
