

Spanish Air Force Academy Academia General del Aire AGA

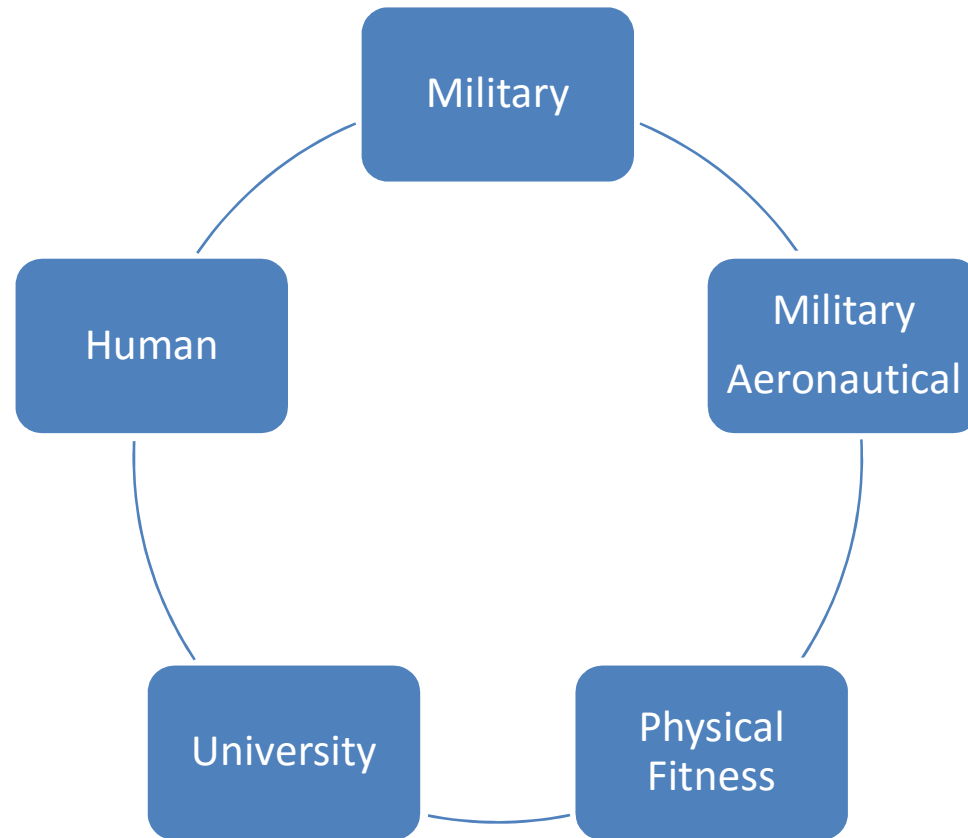

AGA provides
the future **officers**
to the Spanish Air Force

Challenge: Integral Education

¿Sequential or in Parallel ?

The Spanish Solution

- Integration into the General Educational System
- A bachelor degree in Engineering:

INDUSTRIAL MANAGEMENT

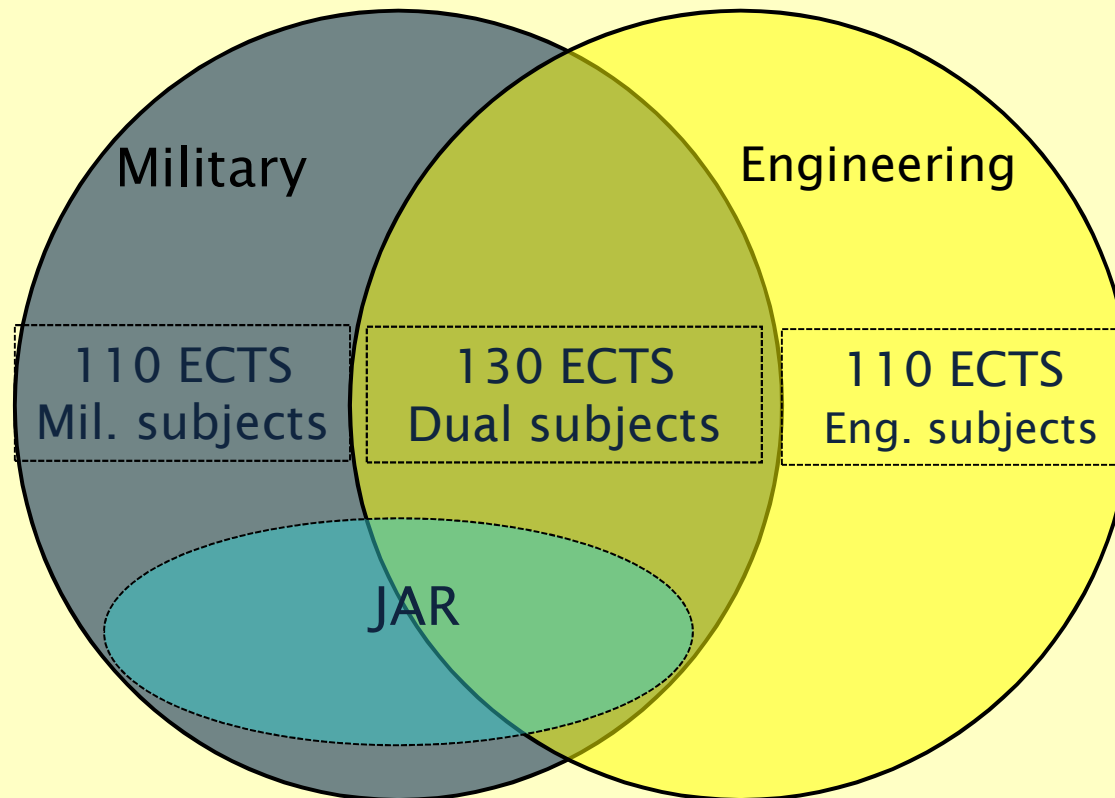

- Bring the University to the Air Force Academy
- Complete flying training at our own facilities
- Complete specialized training for non-pilot students
- Education in military values

Implementation process

TOTAL 350 ECTS in 5 years

- ✓ Tailored to the student target audience & AF requirements

ECTS: European Credit Transfer System // 1 ECTS=25 working hours
JAR: Joint Aviation Requirements
