"Research & Development"

LoD – 14

13th Meeting 22.11.23 - Riga

Brokerage Event

Title: 1ˢᵗ brokerage event in defense and security research organized by the IG - LoD14 research and development supported by the ESDC.

Date and Place: During 61ˢᵗ IG in Bucharest, 12/2 all day through. Registration through IG platform through dedicated option.

Structure: Organized into three sections that will run in sequence:

Section 1: Structured presentations under a predefined template for academies and research institutes. The template will include: i) research facilities, ii) research programs since 2020, iii) research programs/proposals with open positions for partners commenting on the maturity level of the consortium, iv) student engagement.

Section 2: Structured presentations under a predefined template for industry and end users. Template similar to the above.

Section 3: Round Table discussions (in separate groups depending on the interest) that will be decided once finished with the above two sections.

<u>Main steps to realize the event</u>:

- Get an approval from LoD14

- Set up an event preparation team

- Put together a draft agenda for the event

- Send out invitations (contact all the research PoCs and industry).

- Organize the event based on responses.
