Hellenic Air Force Academy

Nomination for the Line of Development 6 (LoD-6)

Dear Members of the Implementation Group (IG),

In my capacity as the Hellenic Air Force Academy's (HAFA) Commandant, and had the honor of cooperating with him, thus developing immense respect for his capabilities, professionalism, and passion for his work. His dedication and commitment to the Academy's strategic objectives and initiatives have been invaluable thus far.

In addition to that, allow me to inform you that Major Tsanakas Konstantinos is a proponent EMILYO Initiative and has acted as a strong opinion leader in actively promoting our Academy's key role in the "International Air Force Semester" and Common Modules co-organized with the European Security and Defence College; consequently, been greatly responsible for a significant number of international cadets participating in that extremely developmental experience over the last 3 years.

As the Head of HAFA's Military Erasmus Office, he outstandingly fulfilled his duties and played a significant and crucial role in managing the Erasmus+ Program, since 2021.

Concluding, allow me to restate my solemn conviction, that Major Tsanakas Konstantinos possesses all the requisite qualifications, knowledge, and skills for the role of LoD 6 – Strategic Communication Chairman. He is a highly successful lecturer, and flight instructor, and acknowledged academic committed to delivering stellar results in every endeavor he undertakes. His fresh and informed perspective will undoubtedly prove an asset to the LoD 6 project.

Tel: +40 268 423 421
E-mail: secretariat@afahc.ro

To: The Chairperson of the Executive Academic Board of the Implementation Group

Subject: Nomination of the Chairperson of the New Line of Development *Hybrid Threats*. TTT Module

Dear Colonel,

First of all, please allow me to express my personal appreciation and the gratitude of the community of "Henri Coandă" Air Force Academy for your constant activity of building a culture of security among military institutions throughout Europe. You managed to build, under the aegis of the European Initiative for the Exchange of Young Officers inspired by Erasmus (EMILYO), a genuine framework of cooperation with the aim of preparing students for the realities of European security and defense issues. This framework is useful for the training of military cadets, but this training depends on the level of preparedness of their trainers and academics.

In this respect, we propose a new Line of Development (LoD) in order to maintain a proactive orientation within the military education in relation to the dynamics of the evolution of the battlefield and of the military thinking. The new vision is related to a train-the-trainers (TTT) module designed to train military instructors and security studies/ military science academics to adapt their knowledge, tools and teaching methods to the pace of change in relation to the new paradigm, the information-based one, in which the war studies have been included.

We consider that the most suitable coordinator of this module, or the chairperson of this new LoD - *Hybrid Threats*. TTT Module is Col Prof Adrian Lesenciuc, PhD, Dean of the Air Security Systems Faculty within "Henri Coandă" Air Force Academy. Colonel Lesenciuc teaches the *Information warfare and Influence of mass media on security systems* disciplines and is also the author of the work *Hybrid warfare or The return to absolute war through concealment*. Col Prof Lesenciuc is a knowledgeable professor and researcher and has international relations experience, therefore our recommendation is for his nomination.

Sincerely yours

Brigadier General (AF) Assoc Prof Marius Serbeszki, PhD
