

Theresan Military Academy  
Institute for Basic Officer Education

Burgplatz 1  
2700 Wiener Neustadt

Wiener Neustadt, 17<sup>th</sup> February 2023

## Invitation

Dear Rectors, (Rector-) Commandants, Superintendents, Deans, Officers!

The theme of this year's Theresan Military Academic Forum (TMAF) 2023 will be "Cognitive Warfare". The forum will take place in Wiener Neustadt from 6<sup>th</sup>-10<sup>th</sup> November 2023. The TMAF is a scientific symposium that seeks to further the transfer of knowledge and develop the necessary skills, responsibility, and autonomy inherent to successful basic officer education. The TMAF includes a general orientation and a cyber specialisation, conceived to help military leaders coping with future challenges.

The TMAF aims to creating awareness of the unique characteristics of military leadership as a precondition for teaching, knowledge acquisition, and the development of military-scientific capacities. Different perspectives and reflections on leadership serve to optimise the development of our graduates' required military leadership abilities, enabling them to face changing civilian and military environments.

It is our great honour to invite a delegation from your institution to this event, which we believe is important for young officers and future graduates. Because of capacity limitations, we can welcome up to three participants from your institution (preferably a senior and a junior military lecturer/researcher and a cadet). Please find the details in the attached annexes or on our homepage [www.milak.at/en/tmaf2023](http://www.milak.at/en/tmaf2023) as well as on [www.emilyo.eu/node/878](http://www.emilyo.eu/node/878).

We kindly request that you confirm your participation by 1<sup>st</sup> September 2023.

I look forward to welcoming your delegation to Austria.

Yours sincerely,

Mag. Jürgen Wörgötter

Brigadier General

Head of Institute & Programme Director
