

Hellenic Army Academy

Dear esteemed partners,

We are thrilled to announce that our Academy is once again hosting its rigorous and exciting summer military training program in the stunning mountain area of LITochoro, a training camp in the center of Greece. We have been offering this program for the past years with great success, and we would like to extend an invitation to your esteemed Academy to participate in this year's program.

Our training courses cover a range of skills and techniques essential to military operations, and we are confident that your cadets will benefit greatly from this unique opportunity. This program is scheduled to take place between **July 10th and July 14th**, and we would be honored to host up to three of your cadets.

We understand that deepening the level of our academies' relationship is critical, and this program provides an excellent opportunity to increase the interoperability of our countries' land forces. We are committed to providing your cadets with an unforgettable experience where they will learn from our highly experienced instructors, meet new people, and experience the rich cultural heritage of Greece.

Accommodation, meals, and transportation within Greece will be provided by us, while your Academy should cover travel expenses. We kindly request that you provide us with your answer **by May 19th, 2023**, to ensure adequate planning.

We look forward to your response and the opportunity to deepen the relationship between our academies while providing your cadets with an unforgettable experience. Please do not hesitate to contact us if you require any further information.

Warm regards,

Christos Tamouridis
