

HELLENIC ARMY ACADEMY
SUPERINTENDENT

Subject: Formal Invitation to Participate in Common Module: Electronic Warfare

Dear Partners,

On behalf of the Hellenic Army Academy, I extend a formal invitation to your esteemed institution to participate in our upcoming Common Module: ***Electronic Warfare***, scheduled from ***April 8 to April 12, 2024***.

The goal of this module is to promote an understanding of the Electromagnetic Environment (EME) as an operational environment. Additionally, we aim to enhance participants' knowledge about threat exposure by utilizing Electromagnetic Spectrum (EMS) related technology. The module will cover Electronic Warfare (EW) actions and measures, focusing on ensuring effective use of the EME with own systems and force and platform protection. Furthermore, the curriculum will consider EW within the Military Decision-Making Process (MDMP) at an echelon corresponding to Cadets' pre-education.

We believe that your institution's participation will significantly contribute to the depth and diversity of discussions, enhancing the overall success of the module. Kindly confirm your institution's participation at your earliest convenience. Should you have any questions or require further information, please do not hesitate to contact us.

Looking forward to your positive response.

Sincerely,

Anastasios Polychronos
Major General

**ANNEX "A"**Course Agenda

Main Topic	Details
Day 1: Threats	Evaluate the threats and the effects to the Cadets' service in order to ensure own force protection and the effective own use of the EME
Day 2: EW Actions and Measures	Syndicate work according to the Course Director's plan
Day 3-4: EW Management	Consider EW within the national MDMP at echelons according to Cadets' pre-education adapted to the Cadets' service to find a suitable tactical solution to complete the mission.
	To learn about the Joint Electronic Warfare Operational EW Management structure in national and international organizations
