Purpose

Our reasons for participating in the Erasmus+ program in Romania were:

- Enriching our culture and mindset within the borders of a different country.
- Meeting new people.
- Learning to work and cooperate in a multicultural environment.
- Cultivating interoperability within foreign Armed Forces.
- Familiarizing with international military doctrines.

Activities

- Realizing the Interoperability module in Cincu NATO training base.

Activities

- Participating in the SECOSAFT- 2022 27th Students' International Conference
- Greece awarded with 2 prizes.

Activities

- Participating in the Leadership module with a 2-day course conducted by the American CIMIC officer, Cpt. Larsen Spencer.

Activities

- Going on a 4-day trip in the Romanian Naval Academy “Mircea cel Bătrân” in Constanta.
- Participating in the Seamanship Training Program.

Activities

- Visit to Daia Training Camp.
- Observing the 3rd year cadets' military exercise which included an IAR 330 helicopter and RAVEN drone.

Feedback

- We learned to interact and communicate with our multinational colleagues in order to achieve the educational and military goals.
- We improved our English level and we enriched it in terms of military terminology.
- We experienced the warm Romanian hospitality.
- We realized basic differences and similarities concerning the cultural and military background.
- We encourage that the Erasmus program among military Academies be expanded in the future.
