

**Implementation Group**

**Doc.:** IG/2015/03

**Date :** 27 March 2015

**Origin:** ESDC SECRETARIAT

**26<sup>th</sup> Meeting of the Implementation Group for the  
European initiative for the exchange of young officers  
(inspired by Erasmus)**

**on 07 May 2015, 10.00 hrs (all day meeting)**

**ABEPΩΦ**

**Draft Agenda**

1. Adoption of the Agenda
2. Draft Minutes – Approval
3. Discussion about the “list of participants”.
4. Discussion about the up-dates of “old” Common Modules / integration of LOD2-descriptors.
5. LoD 4 - IT Platform - Update
6. LoD 8 - Discussion about a new Common Module “Cyber Security”
7. Discussion about the “Cyber Olympics”
8. Short information about external funding (Joint degrees, strategic partnerships)
9. Discussion about the Gendarmerie Academies participation in the Initiative **Wasn't there an intent by Giordano to integrate also the Officer education of “Gurdia Finanza”???** – probably if we write **“Gendarmerie Academies and other services ....” ?**
- 10.AOB
  - 1) Discussion about an IG-statement concerning “eLearning, Cyber Security and Internet Performance (eLCIP)” (as proposed by Jochen). – Jochen is satisfied from your answer and he is willing to present a relevant info on our Septembers' meeting. **OK – then let's cancel this point for the May-meeting.**
  - 2) Proposal/discussion for the next IG-Meetings (long term planning) – probably combine the dates in the vicinity of EAB meetings? I suggest to discuss this on

**Septembers' meeting because the EAB meetings are fixed until the end of 2015. The idea was NOT to change the EAB-dates – but probably the IG-dates to days which are before or after the EAB-meetings.**

- 3) We also can give our Greek colleagues some room to report about their on-going Common Modules? (Could be point 8 of the Agenda)?
