*Dear Colonel Professor Gell,*

I have a great pleasure to nominate new candidate for a vacant position of Chairman of the Line of Development-9 (LoD-9) dedicated to Future Projects. Until now, this position was occupied by LtC Marcin Bielewicz who left our Academy and is currently serving in another institution.

Our new candidate for this duty is Mrs. Marta Wincewicz-Bosy, Ph.D. Assoc. Prof. She is an Associated Professor of General Tadeusz Kościuszko Military University of Land Forces. Previously she was Deputy Dean for Scientific Discipline Management and Quality Science in the Faculty of Management. Professor Marta Wincewicz-Bosy specializes in logistic, international logistic, international business as well as in supply chain and network management.

I am deeply convinced that Prof. Wincewicz-Bosy is a proper candidate for the chairperson of LoD-9 and I hope that she will receive acceptance of all members.

I would like to take this opportunity to express my respect and warmest greetings.

*Sincerely Yours*

**Rector - Commandant**

**Brig. Gen. Dariusz SKORUPKA, D.Sc. Assoc. Prof.**
