European Initiative for the exchange of young officers Inspired by Erasmus

The presence of female military officers at various positions in the Armed Forces is a growing trend that requires up-to-date analyses and a consistent **gender equality training policy** to create a harmonious military working environment and professional relationships based on competencies and abilities, rather than gender.

**Good
example**

European Initiative for the exchange of young officers Inspired by Erasmus

**43 IG Meeting - LoD 10 meeting –
participants from:**

- Spain
- Portugal
- Bulgaria
-?
-?
-?

**Work group – 5 persons
(2 male and 3 female)**

OUR TASKS - <http://www.emilyo.eu/node/1445>

- collecting information from the European military academies concerning **the presence or absence of gender topics in the cadet education** and the possibility to incorporate gender related issues in different academic disciplines;
- preparing recommendations to the military academies **to train specialists and academic staff** for gender equality training by using the ESDC courses;
- searching for opportunities to prepare the **common projects** regarding gender equality education and research in the different military institutions;
- using IG events and meetings **to increase sensitivity** to gender topic in the Armed Forces and to attract more participants in LoD10.
