Hellenic Army Academy

European Initiative for the Exchange of Military Young Officers

Website Redesign Objectives

- To update the look & feel of the current website with a contemporary design
- To better organize the content of the existing website
- To simplify the content updating process
- To improve the usability of the website

European Initiative for the Exchange of Military Young Officers

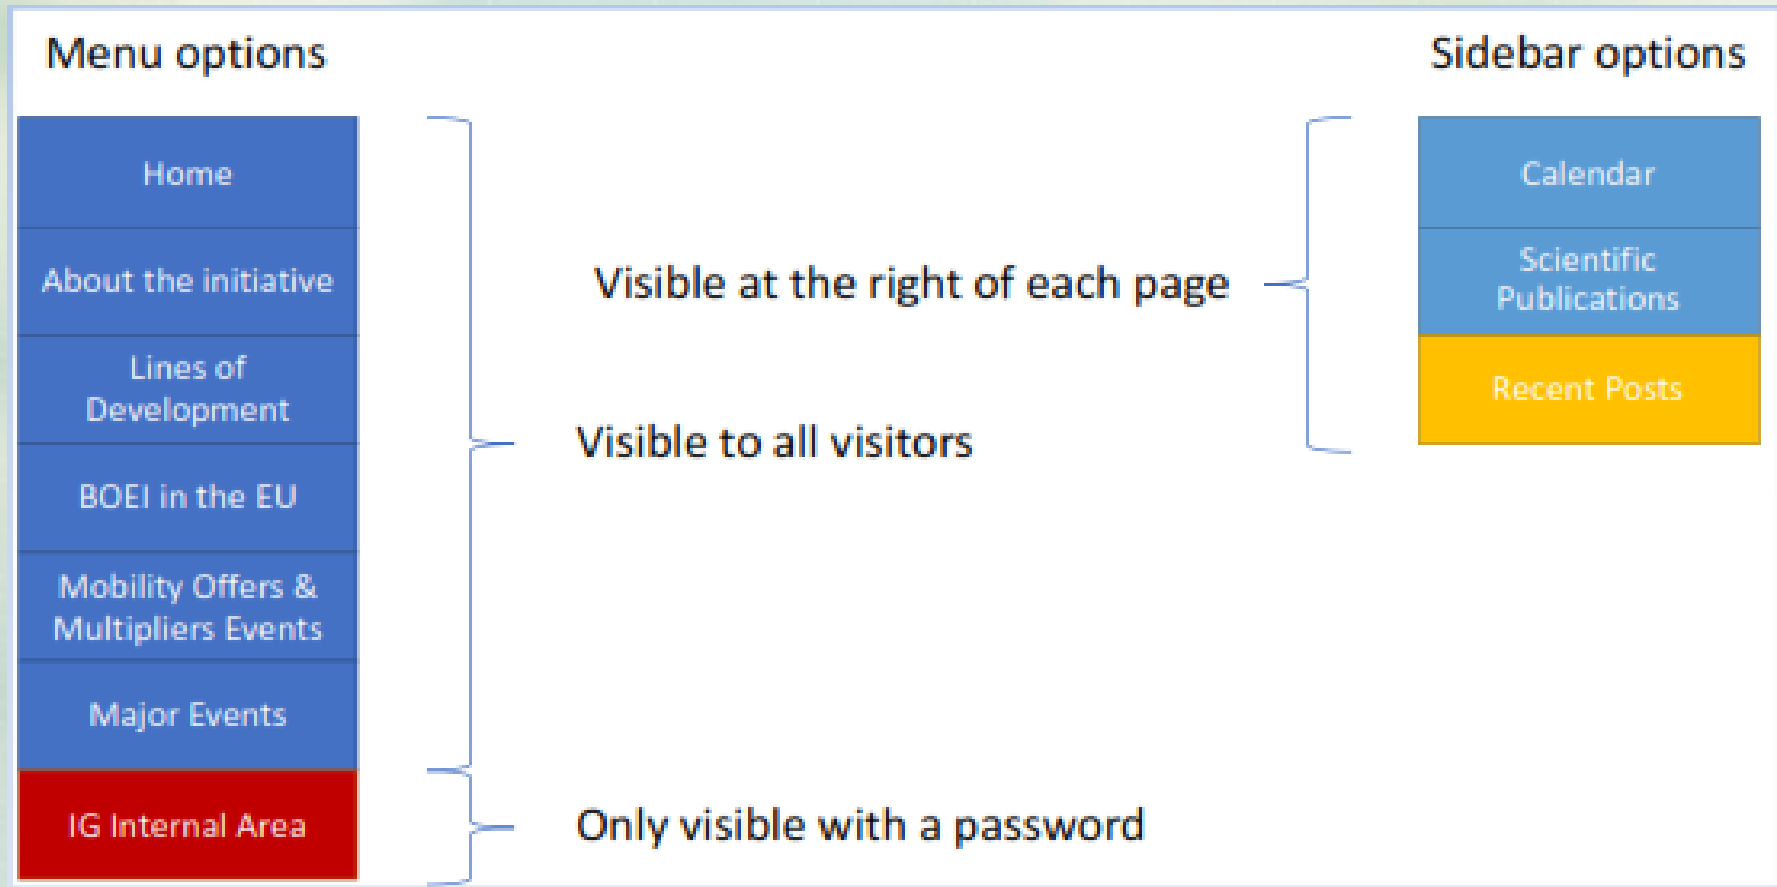

Proposed User Roles

- Administrator
- Content Editor
 - ❖ Approval of the proposed content
- Editor
 - ❖ – Content creator
- One password read-only internal area
 - ❖ – Users from Member Institutions
- Visitor

European Initiative for the Exchange of Military Young Officers

New simplified structure

European Initiative for the Exchange of Military Young Officers

Proposed changes 1/2

- Main menu simplification without deep navigation
- Website look & feel similar to ESDC website
- Easier content management with the use of a contemporary CMS such as WordPress
- Internal member's area accessible with password
- Members Institution have to submit their content (events, documents, etc.) for approval

European Initiative for the Exchange of Military Young Officers

Proposed changes 2/2

- Creation of a YouTube channel for the videos to be presented in the website
- Automatic events presentation in calendar and in Multiplier Events page
- Synchronization of the events calendar with user calendars (similar to ILIAS platform)
- Website implementation either by Vassil Levski National Military University, Bulgaria or software company (ESDC)
