

**HELLENIC MILITARY ACADEMY OF COMBAT SUPPORT OFFICERS
(HMACSO)
COMMANDER**

Thessaloniki, 23 August 2020

**Nomination for the Chairperson of the Medical LoD
(International Medical Semester)**

Dear Members of the Implementation Group (IG),

According to the Draft minutes of the 46rd IG/ESDC/Document 2020/133 as of 3rd July 2020, I have the pleasure to nominate Lieutenant Colonel **Kazakis I. Ioannis** of the Hellenic Military Academy of Combat Support Officers (HMACSO) as the **Chairperson of the LoD** dedicated to International Medical Semester.

DVM L. Col. Kazakis Ioannis played a significant and crucial role as Academic Coordinator of Veterinary Department in our Academy since 2017 and in parallel as Military Erasmus Coordinator. Previously he was serving in 3rd Veterinary Hospital based in Thessaloniki as Microbiologist Veterinary Doctor.

Since my official appointment as a superintendent of the HMACSO, I have developed enormous respect for his dedication to the Academy's strategic objectives and initiatives. He is a huge supporter of the Initiative and he convinced our Academy to be a part of European Initiative for the Exchange of Military Young Officers.

I am deeply convinced that DVM Lieutenant Colonel **Kazakis I. Ioannis** has all the skills and competences to lead the Medical LoD and I hope that he will receive acceptance of all members for that position.

Yours faithfully,

Matzouranis Georgios
Major General
HMACSO Commander
