

# “Research & Development” LoD – 14

## Briefing 1<sup>st</sup> Meeting

Ioannis Templalexis  
LoD 14 Chairperson

Hellenic Air Force Academy  
Department of Aeronautical Sciences  
Division of Thermodynamics, Propulsion and Power Systems

The LoD will have the following branches:

- #1 Organize research teams with transnational participants.
- #2 Publishing scientific texts.
- #3 Advertise scientific work (through conference, posters etc).

Next moves

Regarding Branch #1 Research Teams

Launch common thesis projects (two cadets from two different institutions)

- Usually controlled fully by the institution.
- Can start running beginning of the following academic year.
- Can result in collaboration between cadets and members of staff.

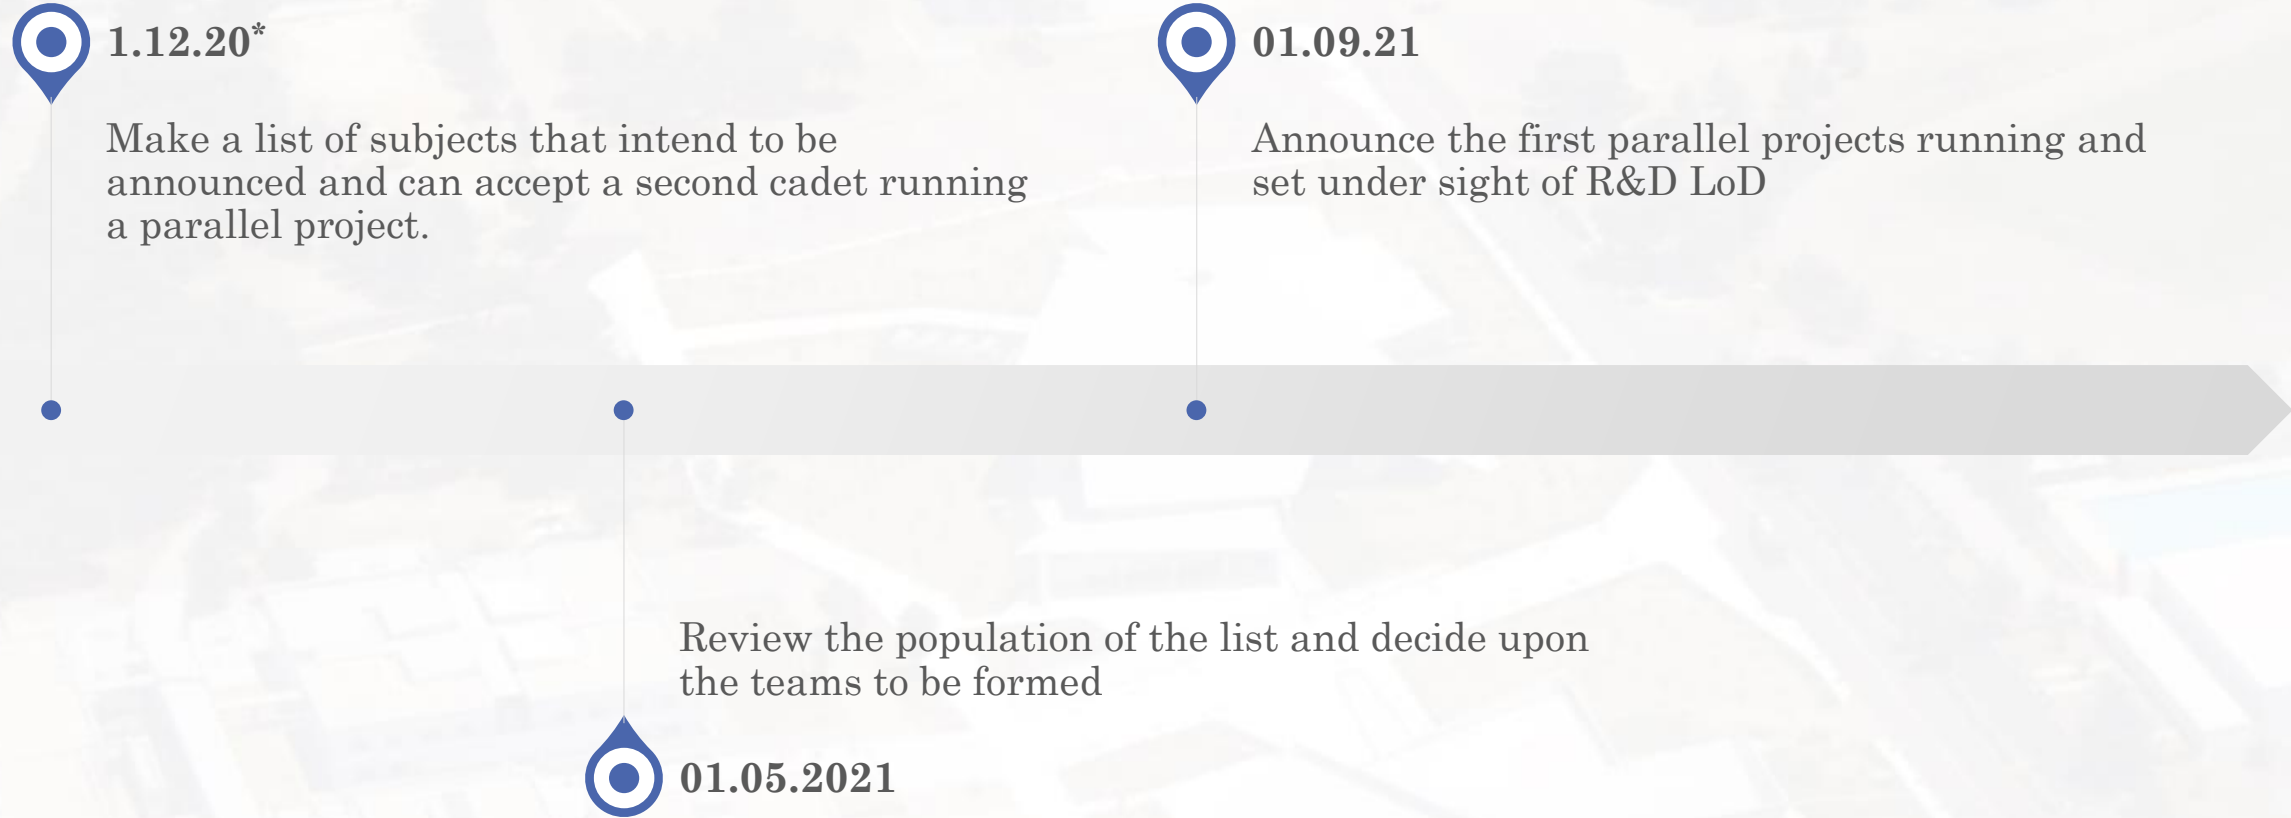

Regarding Branch #2 Publishing

Collect outcomes of the common thesis projects and publish them to a special issue, after a peer review process.

Regarding Branch #3 Advertise

Prepare posters during IMAF or EUMACS meetings.
