**LoD-20 (Space) - Chairperson
Letter of Intent**

Esteemed Members of the Implementation Group,

I am writing with great enthusiasm to express my keen interest in the esteemed position of Line of Development 20 Space (LoD 20 Space) Chairman. The prospect of spearheading a new era in military operations by leveraging space assets is both an honor and an exciting challenge that aligns seamlessly with my passion for innovation and education.

In my 30-year tenure as an Army Officer, I have witnessed the dynamic evolution of military strategies, and it is abundantly clear that space has become a pivotal domain that cannot be ignored. The complexities and opportunities presented in space demand a dedicated focus within the training and development of our future Officers. My extensive experience provides me with a profound understanding of the unique requirements and knowledge that future Officers must acquire to remain at the forefront of strategic advancements.

As an academic committed to fostering excellence, I am eager to contribute to the intellectual growth of our young Officers through LoD 20 Space. This initiative holds immense potential to equip them with the skills and insights needed to navigate the intricacies of this vibrant and captivating domain. The exponential growth in space-related technologies necessitates a comprehensive educational framework, and I am confident in my ability to guide our students toward a deep and meaningful understanding of space operations.

LoD 20 Space, operating under the auspices of the European Security and Defence College (ESDC) and the EMILYO initiative, represents a unique opportunity to cultivate a community of forward-thinking individuals dedicated to the future of military operations. The collaborative nature of EMILYO aligns with my vision for a cohesive and synergistic learning environment.

I am excited about the prospect of leading this effort, fostering interdisciplinary collaboration, and contributing to the harmonization of European military education. I am committed to driving innovation, facilitating knowledge exchange, and preparing our Officers to meet the challenges of an evolving security landscape.

I am at your disposal for any further inquiries and am eager to provide additional information about my vision for the LoD 20 Space. Thank you for considering my application.

Very Respectfully,
