# Syndicate Work

- Experience sharing – past, on-going, planned
- Requirements
- European University project
- Elaborations

# European University

- **Definition:** “*European University*” is an Erasmus+ KA2 initiative, under the *Sector Skill Alliances*
- **Aim:** Cooperation between all types of higher education institutions
- **Focus:** Quality, performance, attractiveness and international competitiveness of European higher education institutions
- **Promote:** European values and identity

**This action will support higher education institutions in implementing the first steps of this joint work plan of activities.**

# European University

## Expected characteristics for European Universities:

- **bottom-up networks** of European universities
- integrated **mobility** for students, scientists and staff, and facilitate **knowledge transfer** across borders
- innovative **study concepts**
- regional **development**
- mirror Europe's **diversity**
- socially **inclusive**, promote European **values** and strengthen European **cohesion**
- can contribute to the **development of policies**, such as a European diploma and a European status

# European University

## Key elements (by 2025)

- long-term joint strategy for education
- European inter-university “campus”
- embedded mobility (50% of students within the Alliance)
- practical and work based experience
- European knowledge creating teams
- Common management structures

# Considerations

- Benefits for military higher education institutions
- Target group – cadets?
- Partners
- Intellectual outputs
- Topic
- Level of education (BA, MA, PhD)

# Conclusions

- Approx 5 mln EUR (60 mln EUR in total)
- Recommended 5-8 partners (various legal systems)
- Similar to the Strategic Partnership Projects
- Common study program for military academies/universities would need support from national level (various stake-holders and requirements)
- Military education/training is national responsibility
- Need of explanations from European Commission
- Too general description of the rules – no checklist
- Test program
- Wait until the first results announcement
