**To: Major General Karl PRONHAGL
Commandant of THERESAN MILITARY ACADEMY, Vienna**

Dear Sir,

The Romanian Air Force Academy has been fostering international relations during the last years, establishing excellent connections with prestigious universities and air force academies from Europe and not only.

In this respect, our institution organizes the 3rd *Cadets` International Week*. In 2020, this event will be held in Brasov, from 22nd to 27th of March. Therefore, we would be honored to host a delegation from your academy consisting of **two cadets**.

The program will include different activities, from academic and practical training to cultural and socializing ones, meant to improve intercultural exchange and experience. Furthermore, during this event, from 22nd to 24th of March, we also host the 22nd edition of Students` International Conference, **AFASTUD 2020**. Thus, your participating cadets will have to participate to this conference. At least one of the two is required to present a paper. Mind that this is a mandatory activity. More details related to conference panels and deadline of paper submission will be provided together with the Cadets` International Week program in due time.

Accommodation and meals will be provided by the host institution. Travel expenses will be supported by the sending nation.

I would appreciate if you send your confirmation no later than **15th of January, 2020**. The point of contact for this activity is LtCol Cosmina Roman (internationalweek@afahc.ro and secretariat@afahc.ro), Vice-Rector for Programs and International Relations, so all confirmations should be sent to the POC. Further details regarding travel plans, program and other activities will be communicated upon your confirmation.

Wishing you all the best in your professional and personal life,

Sincerely yours,

**Brigadier General (AF) Assoc Prof Gabriel RĂDUCANU, PhD
Rector (Commandant) of "Henri Coandă" Air Force Academy**
