Invitation

to the Theresian Military Academic Forum (TMAF) 2022

Dear Rectors, (Rector-) Commandants, Superintendents, Deans, Officers!

This year, our Theresian Military Academic Forum (TMAF) 2022 has the main motto “The Art of Leadership” and will take place at Reichenau Castle from 7th - 10th November 2022. The TMAF 2022 is a scientific symposium, which deals with the transfer of knowledge and the development of the necessary skills, responsibility and autonomy within the framework of basic officer education with a general orientation as well as a cyber specialisation to cope with future challenges of military leadership.

The aim of the TMAF 2022 is the creation of awareness for the special characteristics of military leadership as a precondition for teaching, knowledge acquisition and the development of military scientific capacities. Further perspectives and reflections on leadership serve to optimise the development of the required military leadership abilities of our graduates for the changing civilian and military environment.

It is a great honour for me to invite a delegation from your home institution to this event, which is so important for young officers and future graduates. Because of capacity limitations, we are able to **welcome up to two participants** from your institution (preferable a military lecturer/researcher and a cadet). Please find the details in the enclosed annexes or on our homepage www.milak.at/en/tmaf2022 as well as www.emilyo.eu/node/878.

We kindly request to confirm your participation by 2nd September 2022.

I look forward to welcoming your delegation to Austria,

Yours sincerely,

Mag. Jürgen Wörgötter

Brigadier General

Head of Institute & Programme Director
