

## HELLENIC NAVAL ACADEMY ATHENS – GREECE

### INVITATION TO MARITIME SECURITY COMMON MODULE

(European Initiative for the Exchange of Young Military Officers, Inspired by Erasmus)

Dear Colleagues,

The Hellenic Naval Academy under the auspices of the European Security and Defence College, within the framework of the European initiative for the exchange of young military officers, inspired by Erasmus, has the honor to organize a “**Maritime Security**” Common Module.

The module consists of an **online training part** and a **residential** one, which will be held on the premises of the Hellenic Naval Academy, between 27 - 31 March 2023. Both parts are mandatory for all participants.

The Module is based on the EMILYO Maritime Security Standard Curriculum. It aims to provide participants with a scope of the contemporary Maritime Security Environment, and to familiarize them with further Maritime Security Concepts. The Module also provides general knowledge about the European Union Maritime Security Strategy; its history, development and main principles as well as the challenges of its implementation.

Should you accept the present invitation, we would be pleased if you nominated suitable candidates for this training activity.

For further details, regarding the courses and administrative information, please refer to the attached documents.

I am looking forward to welcoming European Cadets, Young Military and Coast Guard Officers, during the residential phase of the “**Maritime Security**” Common Module.
