# TMAF 2024

Theresan Military-Academic Forum

The Theresan Military Academic Forum 2024 (TMAF 2024) is a scientific symposium that seeks to further transfer knowledge and develop the necessary skills, responsibility, and autonomy inherent to successful basic officer education. The TMAF includes a general orientation as well as a cyber specialisation, conceived to help military leaders cope with future challenges.

For the TMAF 2024, the main theme is **“Manoeuvre Warfare and Manoeuvrist Approach”**. We believe that scientific-based knowledge is vital to increase operational readiness. For Western thinkers, the Manoeuvrist Approach is a foundational method in this regard. Allied Joint Doctrine for Land Operations explains that the “manoeuvrist approach” is “an indirect and sophisticated” one that “focuses on applying strength against vulnerability and recognises the importance of cohesion and will.” The Manoeuvrist Approach is understood as the more intellectual one compared to other concepts such as attrition. However, the most recent War in Ukraine illustrated both the reality and necessity of attritional approaches.

**Is Manoeuvre dead?**

Options for participation:

A maximum of three persons per institution may participate as follows

Priority	Contribution	Administration
1	Lecture with publication	Free board & lodging
2	Lecture without publication	Free board
3	Participation	Conference fee (€ 40,-/day)
4	Publication	No charges

Submitted contributions will be subject to a double peer review. They will be published by our cooperating partner, “The Defence Horizon Journal” (online), as well as in “Armis et Litteris” (hardcopy). The TMAF focuses on the education of future generations of military officers. Therefore, we integrate officer cadets and students into the symposium. Thus, we kindly invite participants to bring an officer cadet or student from the home institution and include them in the presentation, if possible. Considering the priorities listed above, the organising team will assign the available slots on a first-come, first-served principle.

Please note that for participation with priority 1, regardless of the number of integrated speakers, accommodation and meals free of charge will be provided to only one (1) person/author. In addition to thematic discussions, numerous side events will be offered to promote, deepen, and broaden (military) cultural exchanges; the nature of these exchanges will be decided depending on the pandemic situation, the weather and the interests of the participants.

## Procedures for publication
