

Common Module Electronic Warfare

Module Description

Country	Institution		Module	ECTS
HU	National University of Public Service		Electronic Warfare	2.0
Service	Minimum Qualification for Lecturers			
ALL	 Fully qualified Electronic Warfare Officer. Profound knowledge of EW and/or national/international experience in the field of EW. 			
Language English	 Teaching Experience in the field of EW. English: Common European Framework of Reference for Languages (CEFR) Level B2 or NATO STANAG Level 3. 			
SQF MILOF	 Competence area - Military technician Learning area - Sustaining the force. Organisation level – Single Arm/Branch 			
 English: Common European Framework of Reference for Languages (CEFR) Level B1 or NATO STANAG Level 2. Minimum of two years national (military) higher education. Explain the EV 		in the EW combat service su ilities of subunits during full s	ipport	
R&				
tno bui	 Deal with specific EW systems to deliver requested combat support. Ability to evaluate the threats and the employment of EW measures in order to ensure own force protection and the effective own use of the EME. 			
R&	 Take responsibility to manage EW in unforeseen and changing situations of the operating environment. Make decisions in coherence with EW policies. 			
Verification of learning outcomes				

• **Observation**: Throughout the Module students are to discuss given topics within syndicates and in the plenary. During these work students are evaluated to verify their performance.

- Evaluation of group presentations of given topics.
- Test: Written exam (multiple choice) at the end of the Module.

Module Details		
(the conte	ent is as an	example and depends on the course director decision)
Main Topic	Recommen- ded WH	Details
E-learning (Electro- magnetic Environ- ment)	2.5	 Introduction to the module. EME as operational environment and as a bridge connecting the other operational environments – Land, Air, See, Space and Information. Basic knowledge the various military and civil users of the EMS and understand the necessity of unimpeded access to and the use of the EME as key factor for successful military operations. Understand the basic physical characteristics of the different bands of the EMS and give examples of EMS-dependent military technology, their vulnerabilities and opportunities. Give examples of the friendly operational use, the adversaries make use and the non-combat make use of the EME.
E-learning (Electronic Warfare Terms and Definitions)	2.5	 Describe and understand the Electronic Warfare Actions: Electronic Surveillance (ES), Electronic Attack (EA), Electronic Defence (ED). Describe and understand the Electronic Warfare Measures (EWM): Electronic Support Measures (ESM), Electronic Counter Measures (ECM) and Electronic Protective Measures (EPM). Know about EW coordination and EW support Describe the relationship and overlapping activities between EW, Signals Intelligence (SIGINT) and Computer network Operations (CNO) in military operations and know the differences. Basic knowledge of EW as enabler and pillar within Command and Control Warfare (C2W) and Information Operations (InfoOps).
E-learning (Threats)	2	 Know about adversaries capabilities in using the EME with EMS-related technology in military services.
E-learning (EW Actions and Measures)	4	 Describe branch and/or service specific EW Actions and Measures and know how to ensure the own effective use of the EME in military operations. Know about EW operations and EW actions and measures to provide situational awareness and force protection.
Threats	2.5	• Be able to evaluate the threats and the effects to the Cadets' service in order to ensure own force protection and the effective own use of the EME.
EW Actions and Measures	10 (6 SW included)	Syndicate work according to the Course Director's plan.
EW Manage- ment	11 (6 SW included)	 Consider EW within the national MDMP at echelons according to Cadets' pre- education adapted to the Cadets' service to find a suitable tactical solution to complete the mission. Knows about the Joint Electronic Warfare Operational EW Management structure in national and international organisations. Syndicate work according to the Course Director's plan.
Total	34.5	Remark: These 34.5 WH equal 30 Lecture Units with 45 minutes each and 12 hours of syndicate work
	Addi	tional hours to increase the learning outcomes
	15.5	Self-studies & pre-readings may be counted as self-studies.
