Object: Launch of Line of Development 23 “*Law Enforcement Education*”.
Letter of Nomination.

TO THE CHAIR OF THE IMPLEMENTATION GROUP OF EMILYO

1. During the last EUMACS in Paphos, I submitted a proposal for the creation of a new Lines of Development dedicated to Law Enforcement Military Academies.

This proposal stems from our Institution's need to develop training frameworks capable of seizing the exchange opportunities offered within the EMILYO framework, as well as fostering increasingly harmonious and interoperable activities within the EU security and defense sector.

2. For this reason, I would like to propose the nomination of **Captain Francesco Stasi** as the Chair of this new Line of Development, entitled “***Law Enforcement Education***”, ensuring his presence at the annual meetings of the Implementation Group.

3. Captain Francesco Stasi is an Officer of the Guardia di Finanza with extensive experience in the fields of revenue protection, anti-money laundering regulations and customs police activities.

He holds Master's degrees in “*Economic and Financial Security Sciences*” and in “*Law*”, and has completed a second-level Master's program in “*Tax Law and Business Counseling*”.

Since September 2024, he has served as an Instructor Officer at the Guardia di Finanza Academy.

4. I strongly believe that Captain Francesco Stasi owns the ideal professional profile to successfully cover the role of Chair for this new Line of Development.

In this effort, he will, in any case, be supported by Major Naiqué Palla and Professor Cinzia Peraro from the University of Bergamo.

THE ACADEMY COMMANDER
(M.G. Cosimo Di Gesù)
