## Competences and Benefits Gained Abroad

### Common Module on CSDP | École de l'Air et de l'Espace, France

- **Enhanced Understanding of the CSDP Framework:**

**Gained in-depth knowledge of the EU's security and defence structures, including current operations, planning mechanisms, and legal frameworks.**

- **Intercultural Communication and Cooperation:**

**Worked effectively within multinational teams, developing cultural awareness and improving my ability to communicate in diverse international environments.**

# Benefits

- **Public Speaking and Debate Skills:**

Participated in structured debates and group presentations, strengthening my confidence in presenting complex topics and defending arguments diplomatically.

- **Teamwork and Leadership in Multinational Settings:**

Collaborated on syndicate tasks, taking on leadership and coordination roles, which refined my ability to manage group dynamics and tasks under time constraints.

- **Broader European Perspective on Defence and Security:**

Engaged in discussions that promoted a shared European identity and understanding of collective security goals.

## Key Tasks During the CSDP Module – Escuela Naval Militar

- Attend opening ceremony and introductory presentations (16 Dec)

- **Participate in lectures on EU security policy, officer training, and strategic planning**

- **Join sessions on maritime security, gender and legal aspects, and EU peacekeeping operations in Africa**

# Tasks

- Collaborate in syndicate presentations and receive feedback from instructors
- Contribute to discussions on women's terrorism and its impact on CSDP (19 Dec)

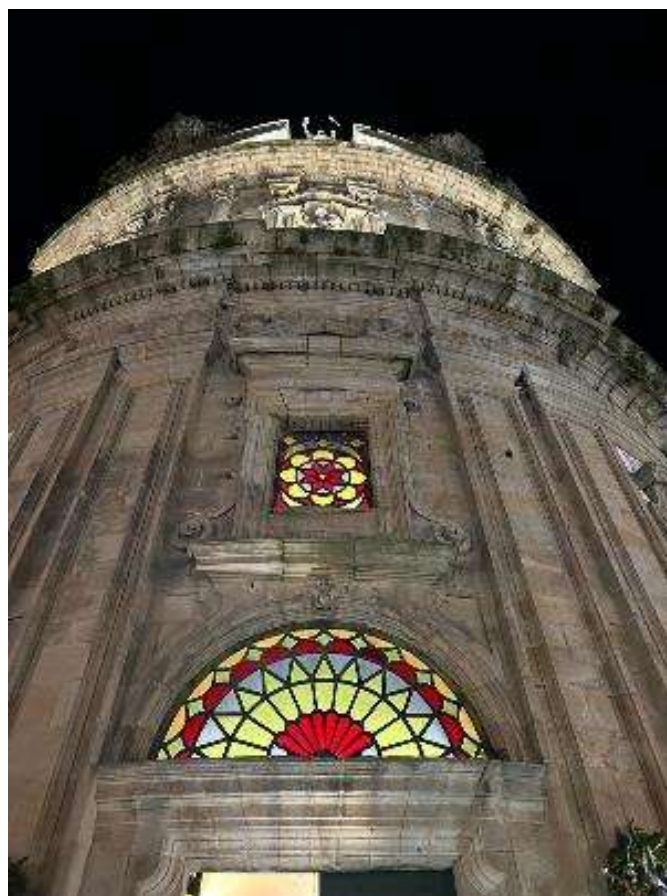

- Take part in the official dinner at Liceo Casino de Pontevedra (18 Dec)
- Complete final course evaluation and receive certificate of participation

## Visiting Pontevedra

## Guided tour of the host academy

## **Insight into Maritime Security and Peacekeeping:**

**I gained knowledge on EU maritime security policies and peacekeeping operations in Africa, understanding the EU's role in managing international security challenges.**

## **Competence in Policy Analysis and Strategic Thinking:**

**Participating in lectures and syndicate work enhanced my ability to analyze complex defence policies and propose informed solutions from multiple dimensions (legal, ethical, strategic).**

## **Intercultural Collaboration and Communication:**

**Working in multinational syndicate groups improved my communication, teamwork, and leadership skills in an international and multilingual setting.**

## **Awareness of Horizontal Issues:**

**Sessions on human rights, gender issues, and legal aspects broadened my awareness of how these factors are integrated into EU operations and decision-making.**

## **Confidence in Public Speaking and Presentation:**

**Presenting group outcomes and receiving structured feedback strengthened my confidence and clarity in delivering formal briefings.**

## **Professional Conduct and Networking:**

**Formal settings such as the opening ceremony, official dinner, and structured debates provided a platform for developing professional etiquette and expanding my European defence network.**

# Recommendations

- **Promote international participation to enhance intercultural and professional skills.**
- **Include cultural activities (e.g., city tours, dinners) to foster informal learning and cooperation.**
- **Encourage practical teamwork through group projects and real-case scenarios.**
- **Support language development to improve communication in multinational settings.**
- **Establish post-module networks for continued collaboration and knowledge sharing.**
