Military Technical Academy “Ferdinand I”

International Military Academic
Forum 2025 in Constanta / Romania

Duration of stay

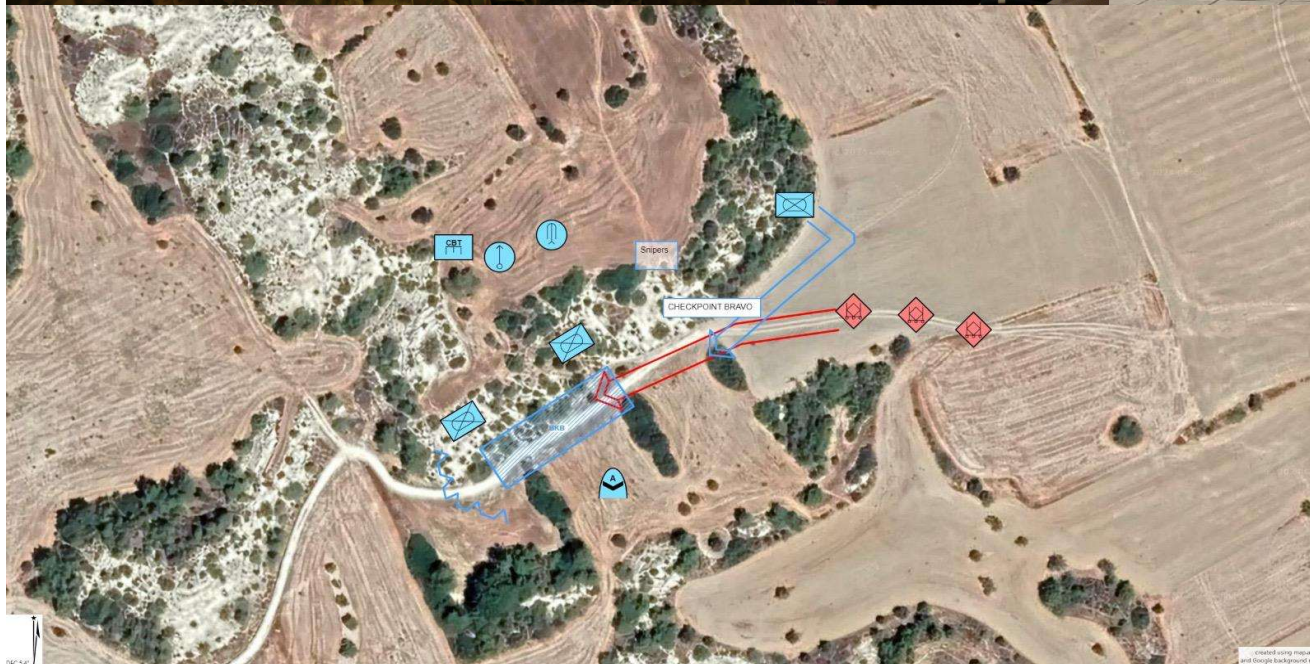

- **Participating in the International Spring Semester semester in the Hellenic Military Academy, Greece, 2024**
- **Participating in the Common Module Common Security & Defence Policy in the French Air and Space Force Academy, 2025**

Highlights

- **Engaged in field exercises and practical leadership training, aimed at developing tactical decision-making, physical endurance, and command skills under pressure.**
- **Covered a broad curriculum including Law of Armed Conflict, Basic Military English, Cultural Awareness, Comprehensive Approach, Cyber Security, Interoperability, plus three Leadership modules (Tactics, Leadership Training, Physical Training)**
- **Enjoyed tuition-free accommodation and meals under the Erasmus+ framework, with airport transfers and local transport arrangements**

Highlights

Benefits

- **developed key competences in both academic and professional areas.**
- **strengthened my understanding of international military operations and interoperability within NATO frameworks through leadership training and field exercises,**
- **enhanced my decision-making under pressure, teamwork, and tactical planning skills.**
- **improved my English communication abilities in a military context and gained valuable experience in cross-cultural cooperation.**

Recommendations

- **Encourage participation in international programs to develop leadership, intercultural awareness, and operational competence in a multinational setting.**
- **Integrate more field-based training into academic exchanges to enhance practical decision-making and teamwork under realistic conditions.**
- **Maintain strong logistical support (accommodation, meals, transfers) to allow participants to focus fully on academic and training goals.**
