# Line of Development 20 (Space)

iMAF 2025/66<sup>th</sup> IG  
Constanta, Romania  
03-05 June 2025

Assoc. Professor Panagiotis PAPAKANELLOS  
Vice Chairperson LoD-20

European Security  
and Defence College

## LoD-20 | Achievements so far...

- Participated and organized LoD-20 meetings in all IG meetings so far (after initiating LoD-20).
- Established an initial critical mass of participants interested in LoD-20.
- Explored the interests of Military Academies and how participants envision the LoD-20 development.
- Discussed the formulation of a CM.
- Explored the possibility to include EU Institutions (SatCen) for providing a more robust and realistic training as part of the CM (not successful so far).

European Security  
and Defence College

## LoD-20 | Achievements so far...

- A CM draft was circulated among participants for their internal consultations and review.
- Discussed the possibility to have a co-Chair (i.e., Panagiotis PAPAKANELLOS from HAFA).
- Participants' comments and suggestions have been incorporated into a final CM draft.
- Final CM draft has been submitted to IG Chair for further actions and final approval.

European Security  
and Defence College

# LoD-20 | Near-Future Plans

- Get IG approval for the aforesaid CM in the forthcoming academic year (2025-2026).
- Enlarge LoD-20 community of interest (Commandants' help is kindly requested in order to motivate space-related academic staff to participate in IGs).
- Continue exploring the possibility to engage EU institutions (i.e., ESA, SatCen) in the formation of a CM.
