# CM Cross-Cultural Communication at the Croatian Defence Academy Dr. Franjo Tuđman in December 2025: Feedback

*It was a really great and well organised experience, we gained a lot of knowledge and we practised our skills in English.*

*I really liked the module and found it very useful.*

*It is a great experience to learn how communication works, what are the main cultural differences between people and countries.*

*Everything was great — both the colleagues and the professors were wonderful and it was truly a pleasure to work with everyone.*

*I liked the way you interacted with us during the lessons, because it was different than everyday university and in that way you were able to keep our attention high.*

*The course was great for building up your confidence and speaking skills, especially if we get deployed some day.*
