EMILYO Institutions' List

(Requested by IG-TC)

- **Addressing discrepancies in the current list, as some institutions appear to be missing.**
- **VCTS:** For this purpose, I kindly request an updated list of participating institutions. These lists will help us identify and classify the types of participation. We only need to agree on the criteria for this classification. For example:
 - Active IG Member – participated in at least 75% of the IG meetings over the last two years.
 - Invited IG Expert – participated in no more than 25% of the IG meetings over the last two years (ad hoc participation).
 - Former IG Member – no participation in the last two years and no longer affiliated with the sending institution.
 - Inactive IG Member – no participation in the last two years but still affiliated with the sending institution (information received via Institutional POC). Maybe, for each institution, it is better to have a clear, established Point of Contact among all active IG Members.
 - Regarding the EMILYO Institutions List, if we identify a main Point of Contact for each EMILYO institution, I believe any discrepancies will be resolved, at least for active institutions.
