Lessons Learnt & Quality Assurance

EMILYO Working Group
Strategic Development Proposals

LoD 22 – Two Main Directions

A proposed strategic framework for continuous improvement

LoD 22 aims to foster a common EMILYO culture of continuous improvement by using experiences and lessons learnt to strengthen quality assurance and drive concrete improvements in International Semesters and EMILYO Common Modules.

DIRECTION 1

LESSONS LEARNT

- Sharing experience
- Good practices
- Innovation & development

DIRECTION 2

QUALITY ASSURANCE

- Collecting evidence
- Evaluating quality
- Improvement actions

CONTINUOUS IMPROVEMENT

Strategic, Operational and Tactical Objectives

From experience → evidence → improvement

STRATEGIC OBJECTIVES

- Build a common EMILYO culture of continuous improvement.
- Integrate Lessons Learnt and Quality Assurance into EMILYO International Semesters and Common Modules.
- Transform experience into evidence and evidence into improvement.

OPERATIONAL OBJECTIVES

- Establish a common framework and tools for Lessons Learnt and Quality Assurance.
- Define common Quality Assurance principles, indicators and evaluation processes.
- Build a network of trained Lessons Learnt and Quality Assurance representatives.
- Exchange good practices and translate findings into recommendations for improvement.

TACTICAL OBJECTIVES

- Organise Lessons Learnt Workshops within EMILYO activities.
- Digitalise student feedback and implement a common QA platform across EMILYO Common Modules and International Semesters.
- Create a shared Lessons Learnt and Good Practices Repository.
- Introduce peer and staff evaluation, benchmarking and follow-up mechanisms.
- Pilot the approach through a KA2 project.
