2	I'm very pleasured to participate in a such great event and great facilities. I do recommend to all my colleagues to participate in future events.	10/16/2026 10:05 AM
3	It was a real pleasure to be hosted by the Guarda di Finanza Academy. The Cadets organized by Johnathan, were exceptional in caring for our every need. We felt like a home far away from home. It has been a lovely and unforgeable week. I highly enjoyed participating in the simulation. It was really innovative to put people who did not have previous experience jump right in the front seat. It was obvious that the preparation was done in advance and it was excellent. It was also very good to participate in the official ceremonies of the Academy. My only recommendation for the future would be, to organize event in the scenic part of town up the hill. Thank you!	10/16/2026 10:03 AM
5	The cadets did great job, with the organisation.	10/16/2026 10:02 AM
6	The course was organized in a very efficient way. We were able to gain a solid grasp of a fundamental part of our duties, and I can state that the common module I attended enhanced my knowledge and contributed to developing my skills.	10/16/2026 10:01 AM
7	In general a really good organization considering it was the first time doing an experience like that in the academy, the only think I may suggest to follow a more practical approach on some subjects	10/16/2026 10:01 AM
8	Wonderfull course and great idea for officers of the future, expecially during this years.	10/16/2026 10:00 AM
9	We were particularly impressed by the excellence of the lessons as well as the remarkable quality of your welcome.	10/16/2026 10:00 AM

Lessons Learnt / Changes for the next Event

- There was quite a bit of commotion at the Academy because of the new recruits who had joined a few days before the start of the CM
- The lack of a e-learning component, and thus the fact that it was not a blended module, made it much more difficult for other cadets and students to participate. For the next edition, we will arrange for a remote component to allow the widest possible participation

thank YOU for YOUR attention!
