

Hellenic Air Force Academy, 20 July 2026

To Whom It May Concern,

The Hellenic Air Force Academy, under the auspices of the European Security and Defence College (ESDC), and within the framework of the European Initiative for the Exchange of Military Young Officers, inspired by Erasmus (Military Erasmus), has the honour of organising the **Common Module on Common Security and Defence Policy (CSDP) 2026**.

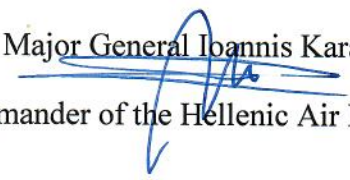

The module consists of a compulsory **e-Learning phase**, followed by a compulsory **residential session** to be held at the Hellenic Air Force Academy, Dekeleia Air Force Base, Athens, Greece, from **28 September to 2 October 2026**.

The module is based on the **EMILYO CSDP Standard Curriculum**, which constitutes a key component of the European Union's training activities in the field of the Common Security and Defence Policy (CSDP). Its objective is to promote a comprehensive understanding of the CSDP as an integral part of the European Union's Common Foreign and Security Policy (CFSP).

The course aims to provide participants with a broad overview of both the civilian and military dimensions of the Common Security and Defence Policy through lectures, discussions, practical exercises, and multinational teamwork, while fostering cooperation and intercultural exchange among future European military officers.

We would be honoured if your institution accepted this invitation and nominated suitable cadets or young officers to participate in this training activity.

Kind Regards,

Major General Ioannis Karamanis

Commander of the Hellenic Air Force Academy
