The IEEE 16th International Conference on Communications

May 28-29, 2026

Bucharest

Paper submission deadline: 15 February 2026

Topics

Signal Processing and Communication Theory

Communication Technologies

Mobile and Wireless Networks

Microwaves, Antennas and Propagation

Network Management and Services

Artificial Intelligence

Quantum Computing and Communications

Satellite and Space Communications

IoT and Sensor Networks

Communication and Information Systems Security

Cloud and Edge Computing

Electronic Systems Design and Vehicular Electronic Systems

Optical Communications and Networking

In addition to the main conference program, IEEE COMM 2026 will feature the following focused events:
– a **Special Session on Advanced Optical Communications Systems and Networks (AOCN)**, dedicated to advanced optical communication technologies;
– the **5th International Workshop on Research & Innovation for Secure Societies (RISS)**, focusing on applied and security-critical AI systems.
