

Invitation to the Military Student Multirotor Fest MSMF – 3rd Edition

Military Technical Academy "Ferdinand I", Bucharest in collaboration with Air Force Academy "Henri Coandă", Brasov is pleased to invite students to participate in the 3rd Edition of the Military Student Multirotor Fest (MSMF 2026), a multinational competition dedicated to innovation, engineering excellence, and operational UAV capabilities.

The event will be held from **April 27–30, 2026**, at the **Domnești Firing Range (Romanian MoD)**, near Bucharest.

The competition challenges participants to design, build, and operate multirotor UAV platforms in realistic mission scenarios, including explosive payload release, precision payload placement and ISR-type missions in complex operational environments. Through these challenges, teams will demonstrate technical skills, teamwork, strategic thinking, and innovation.

The Military Student Multirotor Fest (MSMF 2026) contest aims to:

- Stimulate innovation and applied engineering knowledge
- Develop teamwork and leadership skills
- Provide hands-on experience in UAV design, integration, and operation
- Encourage new concepts and design approaches for multirotor platforms

The competition will feature **two sections**:

- **Military Section** – exclusively for military students
- **Open Section** – open to both military and civilian participants

Each participating team consists of maximum **five members**:

- **1 technical coordinator** (teaching staff member),
- **1 team captain** (student)
- **3 team members** (students)

Institutions that are unable to participate in the competition may also designate **1-2 staff members to attend as observers**.

We look forward to welcoming you to the Military Student Multirotor Fest MSMF – 3rd Edition, a platform where technology, competition, and innovation meet.
